

FOREVER BLOOMING SMILES ON THE LIPS

~ Zen Master Thich Dieu Thien ~

*When my heart is wide open,
I go into life without any worries,
because of all-encompassing love,
giving and happy with what happens to Me.*

*I just want people happy,
soon find the Awake light within,
which has been luminescent for so long
but covered by ignorance for many lifetimes,
soon return to recognize Awake Happiness inside.*

*Knowing the road is difficult to walk,
but nothing stops me,
because my life is fully devoted
to help people to be forever happy.
And from now, I devote myself fully
to give you a forever blooming smile on your lips.*

*I just want people happy,
soon find the Awake light within,
which has been luminescent for so long
but covered by ignorance for many lifetimes,
soon return to recognize Awake Happiness inside.*

*Knowing the road is difficult to walk,
but nothing stops me,
because my life is fully devoted
to help people to be forever happy.*

*And from now, I devote myself fully
to give you a forever blooming smile on your lips,
to give you a forever blooming smile on your lips ...on everyone's lips.*
